

Amberley

Tall Glass Tube Wall Light, 7 Colours

A long glass tube, 48 cm tall, held away from the wall by a discreet arm. It sits well on a living-room or dining-room wall, in clear or tinted glass.

SIZES AND FINISHES

For the glass: clear or frosted, amber or smoke, bottle green or sky blue, or else white. The metal comes gold, black or nickel. The tube can point up or down, as you like.

AT HOME

IN DETAIL

The light

It comes with its bulb, a GU10 LED slipped inside the tube, giving a warm white light. Depending on the glass you choose, the light comes out clear, softened or coloured.

Materials

The tube is glass, and the arm and the plate that hold it to the wall are metal.

Fitting

It fixes to the wall and connects to a 230 V supply; an electrician can do this for you if you prefer. IP20: dry rooms indoors.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
