

Bath

Marble Disc & Gold Metal Wall Light

A wall light for an entrance hall or a dining room, made of a broad disc of natural marble and a piece of metal in a gold finish. The disc is lit from the back by a hidden LED.

WHERE TO PUT IT

At 22 cm wide, it slots in between two doors or beside a staircase. It comes in a single gold finish.

AT HOME

IN DETAIL

The light

The light source is an integrated LED, included, for a single light point. Bath suits a room of 5 to 10 m².

Materials

The disc is cut from natural marble: every light has its own veining, and yours will not look exactly like the photo. The metal piece has a matt gold finish.

Fitting

Bath mounts on the wall; an electrician can do this for you if you prefer. It runs on 90 to 260 V.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
