

Blakeney

Ribbed Double Glass Globe Pendant Light

A pendant in clear or amber glass, Blakeney suits an entrance hall, a study or a living room. Its LED bulb, included, gives warm white light or three colour modes, depending on the version.

SIZES AND FINISHES

The globe comes in 15, 20 and 25 cm, in clear or amber. The 15 cm is enough for a small room; the 25 cm shows up better in a large room.

SPECIFICATIONS

Size

DIAMETERS	15 cm, 20 cm or 25 cm

IN DETAIL

The light

It comes with its E27 LED bulb. Two versions: fixed warm white, or three colour modes you step through with the wall switch.

Materials

It is made of two nested glasses: inside, a cup with vertical ribs; outside, a smooth globe, open underneath. The whole piece comes in clear or amber. The lampholder and ceiling rose are brass-coloured metal; the flex that drops from the ceiling is black.

Fitting

It connects to your ceiling light point (UK 230 V mains); an electrician can fit it if you prefer. The 120 cm cord adjusts so you can set the height. For dry indoor rooms only (IP20).

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
