

Burford

Ribbed Cognac Glass Table Lamp, Walnut-Finish Base

A table lamp for a hall console, a sideboard or a desk. Its warm white light comes from a filament-style LED.

SIZES AND FINISHES

Two heights at the same price: Standard (Ø 22 × H 25 cm), compact enough for a shelf or a desk, and Large (Ø 23 × H 33 cm), better proportioned on a console or a sideboard.

IN DETAIL

The light

This LED module comes fitted and sealed: it cannot be replaced. It gives 3000 K warm white light with a stated life of around 50,000 hours.

Materials

The carved foot is solid wood, stained the colour of walnut. The globe is cognac-tinted glass lined with ribs; between the two sits a gold-coloured metal collar with a brass look.

Fitting

Nothing to install: it plugs into a socket, on a 150 cm lead with a switch along it. It is designed for indoor use.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
