

Wensley

Wave Ribbon LED Pendant in Gold or Black, 100 to 180 cm

Wensley is a long pendant light, 100 to 180 cm, to hang over a dining table or a kitchen island. A ribbon of metal and glitter-flecked acrylic drifts in soft waves and lights the table from one end to the other.

SIZES AND FINISHES

It comes in four lengths, 100, 120, 150 and 180 cm, each with a gold or a black finish on the metal and ceiling fittings.

IN DETAIL

The light

An integrated LED runs the whole length of the ribbon and glows warm white, for an even line of light over the table, with a soft sparkle from the glitter. It works from an ordinary wall switch.

Materials

A metal strip in gold or black runs through the ribbon, with glitter-flecked acrylic on either side. The ceiling fittings have the matching finish.

Fitting

It hangs level on two adjustable steel cables from two ceiling fittings and connects to your ceiling light point; an electrician can do this for you if you prefer. Dry rooms indoors.

Indicative measurements: the waves of the ribbon may sit very slightly differently from one light to another.
