SET-UP	none: no wires, just set it down
USE	indoors only

IN THE BOX

Alnwick, USB-C charging lead.

DIMENSIONS

HEAD 10 CM · SQUARE FOOT 6 CM

Dimensions in cm · drawing not to scale

AT HOME

IN DETAIL

The light

One brush of the fingers switches it on or off, and the same gesture adjusts how bright it is. It runs on a 1,100 mAh lithium battery that you recharge over USB-C; the cable is included.

Materials

It is made of solid wood (beech or sapele) with a few metal parts. You can have it in a pale or a deeper wood tone.

Fitting

Nothing to install or wire. Charge it with the USB-C cable supplied and it is ready to use.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
