

WALL LIGHT

Broadway

Art Deco Coloured Glass Wall Light

A wall light with Art Deco lines, whose sculpted glass shade recalls the interiors of the 1920s, for a dining-room or study wall. When it is on, it takes the colour of its glass, from cream to red.

SIZES AND FINISHES

One size, 28 cm wide and 20 cm high, so it all comes down to colour. Cream and white stay discreet; pink and amber add warmth; green and red make a bold, very 1920s note.

SPECIFICATIONS

Size

WIDTH	28 cm
HEIGHT	20 cm

Light

LAMP CAP	E14
BULB	comes with the fitting

IN DETAIL

The light

It comes with its E14 bulb (40 W at most). To turn the light down, you need two things: a bulb made for dimming and a suitable dimmer on the wall.

Materials

The glass, offered in six shades (cream, white, pink, amber, green and red), is held by a metal arm and backplate.

Fitting

It fixes to the wall and is wired into a wall light point (110–240 V); an electrician can fit it if you prefer. Rated IP20, it is meant for the dry rooms of the house.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
