

PENDANT LIGHT

Cartmel

Rattan Leaf Chandelier with Black Iron Frame

Cartmel is a chandelier of natural rattan leaves mounted on a black iron frame, for a study or a library. It comes in four diameters, from 60 to 120 cm.

SIZES AND FINISHES

Four diameters, chosen by floor area: for up to 12 m², take the Ø 60 cm; for 10 to 18 m², the Ø 80 cm; for 16 to 25 m², the Ø 100 cm; from 22 m², the Ø 120 cm. To picture its footprint, mark the circle on the floor with a tape measure, right below where it will hang.

SPECIFICATIONS

Size

DIAMETERS	60, 80, 100 or 120 cm
SUGGESTED ROOM SIZE	under 12 m²: 60 cm · 10–18 m²: 80 cm · 16–25 m²: 100 cm · 22 m² and over: 120 cm

Light

LAMP CAP	E27, a single central light
BULB	LED, supplied
SWITCHING	an ordinary wall switch

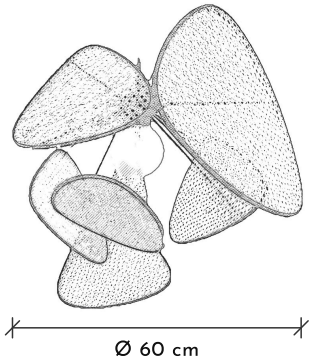

Materials and fitting

LEAVES	rattan cane, open weave
LEAF BORDERS	black
FRAME AND STEM	black iron

INSTALLATION	assemble, then wire to the ceiling; an electrician can do it if you prefer

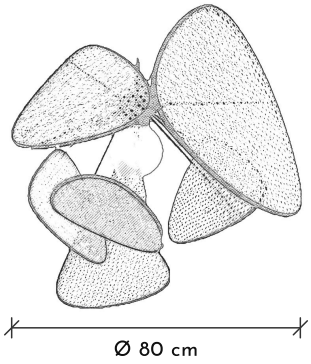

IN THE BOX

Cartmel chandelier, parts ready for assembly, one E27 LED bulb.

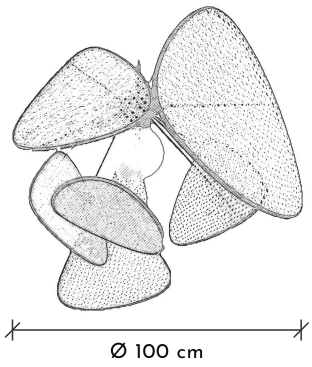

DIMENSIONS

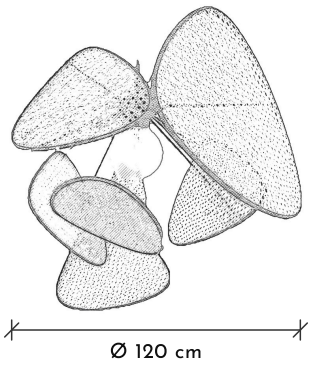

ROOM OF 12 M² MAX.

ROOM OF 10 TO 18 M²

ROOM OF 16 TO 25 M²

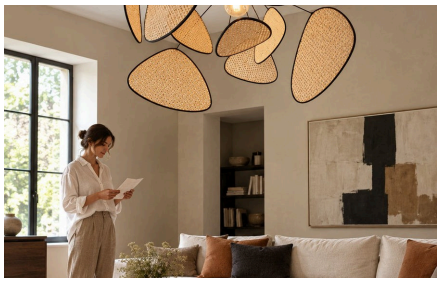

ROOM FROM 22 M²

Dimensions in cm · drawing not to scale

AT HOME

IN DETAIL

The light

One E27 socket at the centre, with an LED bulb included; in our photos it is a clear globe bulb. It works from a standard wall switch.

Materials

The leaves are natural rattan cane, each edged in black and set at a different angle. Everything else, from the ceiling plate down to the frame, is black iron. Rattan being a natural fibre, each chandelier comes with its own small differences of colour and plaiting.

Fitting

It needs a little assembly when it arrives, then connects to your ceiling light point; an electrician can fit it if you prefer. For dry indoor rooms only.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
