

PENDANT LIGHT

Coniston

White Layered Fabric Pendant Light

A shade of white fabric, far wider than it is tall, made of several thicknesses laid one over another. In the middle of a bedroom or a study, this pendant sends its light downwards.

SIZES AND FINISHES

It comes in 30, 40 and 50 cm across, and stays slim: 15 cm high for the smallest, 19 cm for the largest.

SPECIFICATIONS

Size

DIAMETER × HEIGHT	30 × 15 cm, 40 × 16.5 cm or 50 × 19 cm

IN DETAIL

The light

It comes with an E27 LED bulb, its only light source.

Materials

The white fabric, in several layers, is translucent; a metal frame gives it its shape, and the fixing is metal too.

Fitting

It connects to the ceiling point on 230 V mains; an electrician can do this for you if you prefer. Its height adjusts over 150 cm. Under an attic roof, no need to worry: the mount makes up for a pitch of up to 30° and the shade hangs true. For dry rooms indoors.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
