

PENDANT LIGHT

Cowes

Mirrored Glass Pendant Light, Smoked or Amber

A pendant in mirror-finish glass, smoked grey or amber, lit from within by a warm white LED. Picture it in a dining room, hanging over the table, or in a study.

SIZES AND FINISHES

Diameters run from 16 to 38 cm, with 23, 26 and 33 cm in between. Over a table, pick a diameter in proportion to the tabletop; elsewhere, measure the room before you choose. Smoked grey stays understated, amber brings a warmer note.

SPECIFICATIONS

Size

DIAMETER	16, 23, 26, 33 or 38 cm
CANOPY	10 cm across, 2.5 cm deep
DROP	adjustable, 250 cm at most

Light

SOURCE	integrated SMD LED
COLOUR	warm white

AT HOME

IN DETAIL

The light

The light source is an LED housed inside the pendant and supplied with it. Its warm white light cannot be dimmed. A single pendant is enough for about 10 to 15 m².

Materials

The glass has a mirror finish and sits on a central metal frame.

Fitting

It connects to the existing ceiling point, 110-240 V; an electrician can do this for you if you prefer. The drop adjusts up to 250 cm. Rated IP20, it is for dry rooms only.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
