

TABLE LAMP

Dedham

Travertine Table Lamp with Blown-Glass Dome

A lamp to stand on a desk or on a bookcase shelf. Its conical travertine base carries a blown-glass dome, and a warm white light shines through it.

SIZES AND FINISHES

One size: 23 cm across and 34 cm high. Two versions of the dome: clear glass, or darker smoked glass.

SPECIFICATIONS

Size

IN DETAIL

The light

The light comes from a sealed, built-in LED module given for around 50,000 hours. The module cannot be swapped, which is worth knowing before you order. It shines a warm white, 3,000 K.

Materials

The base, solid travertine in one piece, has not been polished, so you can see its grain and the pattern of its veins. The dome is blown glass, finished with a few metal details in a brass-gold finish.

Fitting

Nothing to install: set it down, plug it in, and use the switch on its 150 cm cable. It is for indoor use only.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
