

WALL LIGHT

Eyam

Opal Globe Wall Light with Iron Hoop

Eyam sets an iron circle on the wall with a frosted opal glass globe at its centre. Along a staircase or above a desk, it gives light without dazzling, thanks to its glass.

SIZES AND FINISHES

One size, 30 cm wide by 23 cm tall. Black stands out clearly on a pale wall; gold sits more easily on a dark or coloured one.

SPECIFICATIONS

Size

WIDTH	30 cm

IN DETAIL

The light

It arrives fitted with its bulb, a 9 W G9 LED. It offers three whites: 3000 K for a warm light, 4000 K for a neutral one and 6000 K for a cool one. You move from one to the next with the wall switch, nothing more. It is not dimmable.

Materials

The hoop is iron, in black or gold; the globe, in frosted opal glass, diffuses the light.

Fitting

It connects to an existing wall light point (AC 90–260 V); an electrician can do this for you if you prefer. Indoor use.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
