

WALL LIGHT

Hawes

Aluminium Cone Wall Light, Brushed or Matt Black

Hawes is a compact wall light: a 10 cm aluminium cone pointing downwards. Its warm white LED gives a narrow beam that lays a clearly defined patch of light below the fitting. It suits the space above an entrance console, beside a door or on a landing.

FINISHES

Brushed aluminium, which keeps the natural tone of the metal, or matt black. Both cost the same.

SPECIFICATIONS

Size

OVERALL HEIGHT	11 cm
OVERALL DEPTH	16 cm
CONE DIAMETER	10 cm
WALL BRACKET	5 cm tall, 3.2 cm across

Light

SOURCE	Integrated LED, supplied
COLOUR OF LIGHT	Warm white 3000 K
BEAM	Focused downwards
VOLTAGE	110–240 V

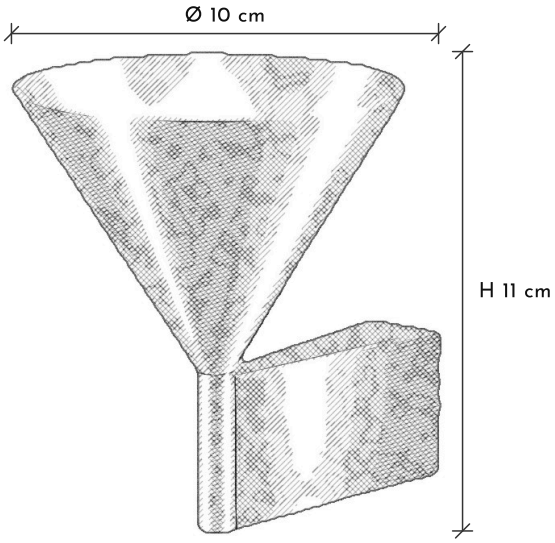

Materials and fitting

CONE	Machined solid aluminium, anti-oxidation treatment
FINISHES	Matt black or brushed aluminium, same price
FIXING	Wall-mounted, concealed screws
PROTECTION	IP20: dry interiors
CONNECTION	An electrician can do it if you prefer

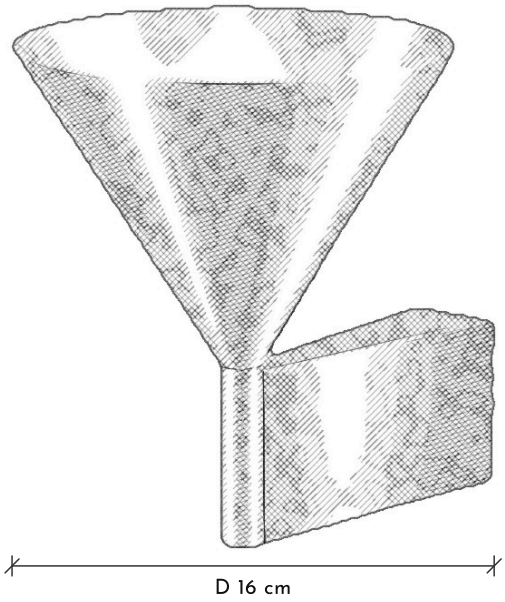

IN THE BOX

Hawes, integrated LED, mounting plate, screws.

DIMENSIONS

SIDE · BRACKET H 5 CM

TOP · BRACKET W 3.2 CM

AT HOME

IN DETAIL

The light

The LED is part of the fitting and comes with it: 3,000 K warm white, with a focused beam aimed at the floor.

Materials

The cone is machined solid aluminium, treated against oxidation. Its fixings are concealed.

Fitting

Hawes mounts on the wall and connects to the mains (110 to 240 V); an electrician can do this for you if you prefer. It is designed for dry indoor rooms (IP20).

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
