IN DETAIL

The light

It takes one E27 bulb, supplied as an LED, and is switched on and off from an ordinary wall switch.

Materials

Natural rattan in a beige tone. Because each one is woven by hand, no two pendants have exactly the same weave or quite the same tone.

Fitting

It connects to the ceiling point on 230 V mains; an electrician can do this for you if you prefer. For dry rooms indoors.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
