

WALL LIGHT

Ledbury

Art Deco K9 Crystal Wall Light

Ledbury is a small wall light: a cylinder of K9 crystal held in an iron frame. In a dining room or a sitting room, the crystal breaks the light up into small reflections on the wall, and sometimes up to the ceiling.

SIZES AND FINISHES

One compact size: 14 cm wide and 24 cm tall. Satin gold warms the whole piece and sits well with brass; matt black draws a crisp graphic line on a pale wall.

SPECIFICATIONS

Size

WIDTH	14 cm
HEIGHT	24 cm
ORIENTATION	Shade facing up or down, chosen when fitting

Light

SOCKET	E27
BULB	Omnidirectional LED; a low wattage is enough
EFFECT	Small reflections on the wall, sometimes on the ceiling
SWITCHING	Wall switch, not dimmable
VOLTAGE	90–260 V AC

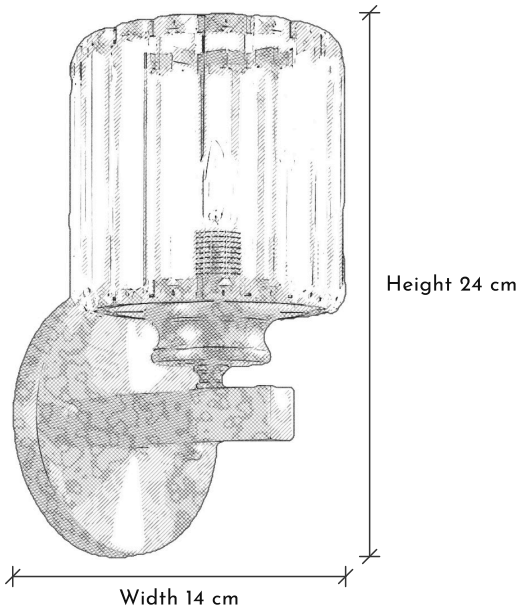

Materials and fitting

CYLINDER	K9 crystal
FRAME	Iron
IRON FRAME	Satin gold, or matt black
STYLE	Art Deco
CONNECTION	Hardwired; an electrician can do it if you prefer
USE	Indoors

IN THE BOX

Ledbury wall light, mounting plate, screws for the wall.

Dimensions in cm · drawing not to scale

AT HOME

IN DETAIL

The light

It takes an E27 bulb: choose an omnidirectional LED; a low wattage is enough. When you fix it, you choose which way the cylinder faces: towards the ceiling, it sends the flecks up there; towards the floor, it keeps them on the wall. It works from the wall switch and cannot be dimmed.

Materials

An Art Deco iron frame, in satin gold or matt black, encloses the K9 crystal cylinder.

Fitting

It connects to an existing wall light point (AC 90–260 V, so it suits UK 230 V mains); an electrician can do this for you if you prefer. Indoor use.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
