

PENDANT LIGHT

Masham

Wood Linear LED Pendant Light for Dining Tables

Masham is a wooden bar to hang over a billiard table, a sewing table or a workshop bench. Its warm white LED runs the full length and shines downwards.

SIZES AND FINISHES

The bar is made in 80, 100, 120 or 150 cm, and every length is available in both wood shades. Light wood stays airy under a white ceiling; dark wood draws a crisper line.

IN THE BOX

Masham bar, LED already fitted, two suspension cables, wooden ceiling plate.

DIMENSIONS

Dimensions in cm · light or dark wood · drawing not to scale

AT HOME

IN DETAIL

The light

The LED is supplied, in warm white at 3,000 K, and shines through an opal acrylic panel that makes it gentler on the eyes.

Materials

Everything is wood, down to the cover fixed to the ceiling. You can choose a light wood or a dark wood; either way, the figure of the timber shows through the finish. The markings and shade of the wood vary from one bar to the next.

Fitting

Masham connects to the ceiling light point on 230 V mains; an electrician can do this for you if you prefer. Two cables carry it; each adjusts up to 150 cm, so you choose the height of the bar. For dry indoor rooms only.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
