

WALL LIGHT

Oakham

Natural Marble Column LED Wall Light

Oakham is a column-shaped wall light: a 28 cm cylinder of natural marble, lit from within. It suits a dining room or a sitting room, as a secondary light.

SIZES AND FINISHES

The column is 28 cm tall, 6 or 8 cm across. For the white, start from your other lights: the wall light will sit better in a room where every light has the same tone.

SPECIFICATIONS

Size

HEIGHT	28 cm
DIAMETER	6 or 8 cm

Light

SOURCE	12 W LED built into the column, supplied
LIGHT COLOUR	your choice of warm, cool, neutral, or all three in one

RATING	IP20, dry rooms

IN THE BOX

Oakham wall light, 12 W LED already housed in the marble.

DIMENSIONS

COLUMN Ø 6 OR 8 CM

Dimensions in cm · drawing not to scale

AT HOME

IN DETAIL

The light

The 12 W LED is built into the heart of the marble and included. You can order it in warm white, cool white or neutral white, or as a three-colour version that brings those three whites together in one light.

Materials

Natural marble with metal fixings. The veining is particular to each column, so the one you receive will not be identical to the photos.

Fitting

It is hardwired to a wall light point (90–260 V); an electrician can fit it if you prefer. For dry indoor rooms (IP20).

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
