

WALL LIGHT

Richmond

Backlit Marble Disc Wall Light

Richmond is a wall light shaped as a disc: 20 cm of veined marble, lit from behind, with a fine metal bar running across its centre. Picture it in a dining room, or on a staircase wall.

SIZES AND FINISHES

One size, two finishes. Go for gold if the room already has brass or warm tones, black to echo frames, handles or other black lights. It is meant for a room of around 5 to 10 m².

SPECIFICATIONS

Size

DISC	Ø 20 cm
SUGGESTED ROOM	5 to 10 m²

Light

SOURCE	integrated LED behind the disc, supplied
VOLTAGE	110–240 V

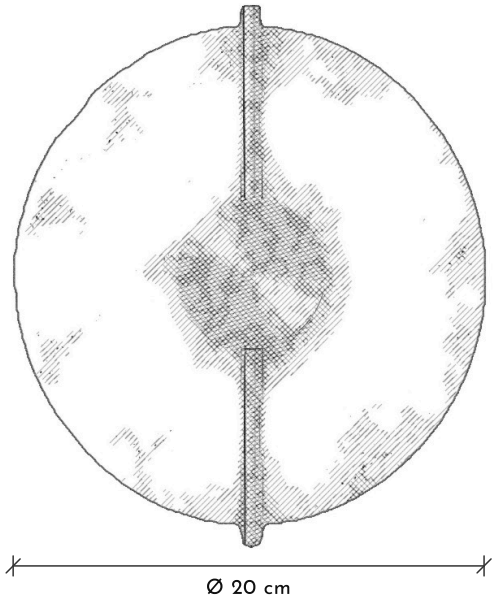

Materials and fitting

DISC	marble veined in grey, beige and amber, one of a kind

FITTING	wall-mounted; an electrician can do it if you prefer

IN THE BOX

Richmond wall light, ready to fit, marble disc and LED together.

DIMENSIONS

GOLD OR BLACK BAR

Dimensions in cm · drawing not to scale

AT HOME

IN DETAIL

The light

The source is an integrated LED, already in place. Sitting behind the disc, it lights the marble from the back.

Materials

The disc is natural marble. Its veins mix grey, beige and amber, and their course is never the same twice: yours will have its own pattern, a little different from the photos. The central bar is metal, in gold or black.

Fitting

It fixes to the wall and runs on mains power, 110–240 V; an electrician can fit it if you prefer. For indoor use.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
