

PENDANT LIGHT

Stamford

Slim Marble Cylinder Pendant Light, Integrated LED

Above a sideboard or on a landing, Stamford hangs as a thin marble tube with one upright slit. The light leaves through that slit alone.

WHERE TO PUT IT

Just 8 cm wide, it finds room in a narrow corner: beside a bookcase, above an armchair or a side table.

SPECIFICATIONS

Size

CYLINDER	Ø 8 cm, 30 cm tall
SUSPENSION	adjustable, 150 cm at most

IN THE BOX

Stamford pendant, LED, ceiling rose, adjustable suspension.

DIMENSIONS

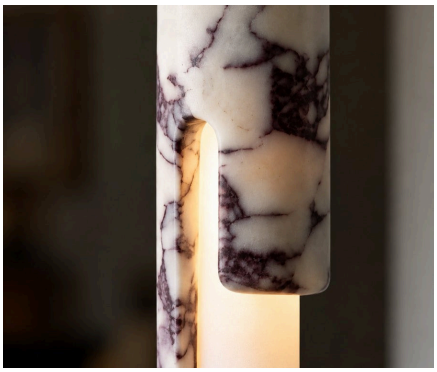

ONE SIZE · 30 CM HIGH

Dimensions in cm · drawing not to scale

AT HOME

IN DETAIL

The light

The LED comes built in. Hidden inside the cylinder, it cannot be seen from the room.

Materials

The cylinder is marble, with metal parts. As marble is a natural stone, its veining, tone and colour change from one piece to the next: yours will be unique.

Fitting

Stamford connects to the ceiling light point on 230 V mains; an electrician can do this for you if you prefer. The ceiling rose is included and the height adjusts, with up to 150 cm of cable. It is designed for dry indoor rooms.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
