

WALL LIGHT

Wells

Rounded Resin Bowl Wall Light

Wells is a resin bowl with simple curves, fixed to the wall of a landing, a dressing room or a small study. Once lit, it gives a warm, even light.

WHERE TO PUT IT

At 27 cm across and 11 cm deep, it stays discreet in a narrow passage or above a door.

AT HOME

IN DETAIL

The light

It takes a G4 LED bulb, included. One light is enough for a small room of 3 to 5 m².

Materials

The bowl is resin, with a curved, unadorned shape.

Fitting

It fixes to the wall and runs on 85 to 260 V. An electrician can connect it for you if you prefer.

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
