

PENDANT LIGHT

Woodbridge

Linear Island Pendant Light with Two Shades

Woodbridge carries two aluminium shades on one 102 cm metal bar, hung from the ceiling by a single point. Hang it over a kitchen island, or over a long desk shared by two, each person under a shade.

WHERE TO PUT IT

Allow for a room of about 10 to 15 m². Before ordering, measure your worktop or desk: the bar is 102 cm long and looks best above a surface a little longer than itself.

SPECIFICATIONS

Size

DIMENSIONS	102 × 23 cm, 30 cm high
SUSPENSION RODS	three lengths: 29.5 cm, 11.8 cm and 7.9 cm
SUGGESTED ROOM	about 10 to 15 m²

Woodbridge pendant, bar, two aluminium shades, suspension rods, two E27 bulbs.

DIMENSIONS

2 SHADES · H 30 CM

Dimensions in cm · drawing not to scale

AT HOME

IN DETAIL

The light

Two E27 bulbs are supplied. The aluminium of the shades sends their light downwards.

Materials

A metal bar and two aluminium shades, in a style somewhere between vintage and modern.

Fitting

A single ceiling fixing carries the whole light. The height is set when fitting, using three suspension rods (29.5 cm, 11.8 cm and 7.9 cm). It connects to your existing ceiling light point (110–240 V); an electrician can do this for you if you prefer. Indoor use only (IP20).

Indicative measurements: stone, blown glass and wood are natural materials, so no two lights are quite the same.
